Message

It gives me immense pleasure to extend my warm greetings to all guests, exhibitors, delegates, and participants of Farm2Food Bangladesh 2026 – Food & Agro Industries International Exhibition, organized by Savor International Limited, to be held from 15–17 October 2026 at the International Convention City Bashundhara (ICCB), Dhaka, Bangladesh.

This exhibition provides a valuable platform for innovation, knowledge exchange, and collaboration across agriculture, food processing, packaging, dairy, fisheries, aquaculture, and related industries. It offers opportunities to connect agricultural progress with environmental responsibility.

Climate change presents significant challenges to agriculture, rural livelihoods, and food security. Our development priorities must therefore include climate-resilient farming, efficient use of water and energy, pollution prevention, sustainable packaging, and the reduction of food losses. Protecting forests, biodiversity, and natural resources is equally essential to sustaining agricultural productivity for future generations.

The Ministry of Environment, Forest and Climate Change has an important role in guiding environmental protection and climate action. Cooperation among government institutions, businesses, researchers, and development partners can help translate these priorities into practical solutions throughout the food and agricultural value chain.

I hope this exhibition will inspire investment in cleaner technologies and lasting partnerships that strengthen Bangladesh's food security, create economic opportunities, and support sustainable growth.

Abdul Awal Mintoo, MP
Minister
Ministry of Environment, Forest and Climate Change
Government of the People's Republic of Bangladesh

Kingdom of the Netherlands

Joris Van Bommel
Ambassador of the Kingdom of the Netherlands to Bangladesh

Message

It is my pleasure to extend my warm greetings to the organisers, exhibitors, and participants of Farm2Food Exhibition 2026, taking place from 15 to 17 October 2026. I am pleased that the Embassy of the Kingdom of the Netherlands in Bangladesh is associated with this important initiative as an Associate Partner, alongside lead organiser SAVOR International.

Bringing together around 200 private companies from different countries, including the Netherlands, Farm2Food offers a valuable platform to showcase innovations and technologies across agricultural machinery, agro-processing, meat processing, dairy, aquaculture, and seed systems.

The Netherlands is internationally recognised for its expertise in agricultural innovation and agri-food technology. We see considerable potential for strengthening trade, investment, knowledge exchange, and business partnerships between Dutch and Bangladeshi companies. By bringing businesses together and promoting innovative solutions, Farm2Food can help advance a more productive, competitive, and sustainable agri-food sector in Bangladesh.

I congratulate SAVOR International on this initiative and wish Farm2Food Exhibition 2026 every success in fostering new partnerships and creating mutually beneficial business opportunities.

Joris van Bommel
Ambassador of the Kingdom of the Netherlands to Bangladesh

Message

Dear Valued Participants and Guests,

On behalf of the Trade Development Bureau of the Ministry of Commerce of the People's Republic of China, I am pleased to extend a warm welcome to all exhibitors, delegates, industry professionals, and distinguished guests attending Farm2Food Bangladesh 2026.

As the Strategic Marketing Partner of this important exhibition, we are delighted to support a platform that brings together stakeholders from agriculture, agricultural machinery, food processing and packaging, dairy, meat, fisheries, aquaculture, and other related sectors.

Agriculture and food production play essential roles in economic development, food security, and sustainable growth. With rising demand for modern technologies, efficient production systems, improved processing solutions, and sustainable practices, international cooperation has become increasingly important. Farm2Food Bangladesh provides an effective platform to showcase innovation, exchange knowledge, establish partnerships, and explore new business opportunities.

China and Bangladesh share strong and growing trade relations. We believe this exhibition will further strengthen cooperation between Chinese and Bangladeshi companies by connecting manufacturers, technology providers, importers, distributors, investors, government representatives, and industry leaders.

We encourage all participants to take full advantage of this opportunity to exchange ideas, explore advanced technologies, and develop meaningful business partnerships. Through continued collaboration, we can contribute to a more productive, innovative, and sustainable agriculture and food industry.

We sincerely appreciate the organizers, partners, exhibitors, and visitors whose efforts and participation have made this exhibition possible. We wish Farm2Food Bangladesh 2026 every success and hope all participants have a productive and rewarding experience.

Warm regards,

Xie Zhuo
Deputy director
Trade Development Bureau, Ministry of Commerce of the People's Republic of China

Message

It is an immense pleasure to me to extend my warm greetings to all guests, exhibitors, delegates and participants of Farm2Food Bangladesh 2026- Food and Agro Industries International Exhibition organized by Savor International Limited to be held from 15 - 17 October 2026 at the International Convention City Bashundhara (ICCB), Dhaka, Bangladesh.

Farm2Food Bangladesh 2026 is a remarkable initiative that will bring together key stakeholders from the Agriculture and food industries, creating a platform for innovation, knowledge exchange, business networking, and collaboration. The exhibition will highlight the latest advancements in Agriculture, food processing, packaging, dairy, meat processing, fisheries, seafood, aquaculture and related sectors.
In Bangladesh, there are more than 4 hundred cold storages located in different regions of the country. The cold storages preserve perishable Agricultural & Food products, like Potato, fruits and vegetables, carrots, onions, dates, mango pulp, meat etc., in the controlled temperature and humidity. These perishable agricultural and food products are supplied year-round as per need of the consumers. So, Cold Storages are ensuring the nutrition and food security in Bangladesh.

At present, we need cooperation in establishing multipurpose and specialized cold storages, as it is the demand of the consumers.We realise the importance of establishing a Cold Chain Research & Development Institute in the premises of Bangladesh Cold Storage Association. This type of International Exhibition can accelerate the connectivity between the Investors, Entrepreneurs, Business Leaders and The Owners of The Cold Storages. Bangladesh Cold Storage Association can play a vital role as Co-ordinator between The Investors & Owners of The Cold Storages.

I believe this international exhibition will contribute significantly in strengthening the food and agro-industrial ecosystem of Bangladesh and open new avenues for sustainable growth and partnerships.
I congratulate Savor International Limited for organizing this important event and wish Farm2Food Bangladesh 2026 a great success. I extend my best wishes to all participants for a fruitful and rewarding experience.

Finally, I wish for the successful implementation of The International Exhibition The Farm2Food Bangladesh 2026.

Message

It is my pleasure to extend warm greetings to the organizers, exhibitors, delegates, farmers, researchers, entrepreneurs, and all participants of Farm2Food Bangladesh 2026.

The transformation of Bangladesh's agriculture begins with one of its most fundamental inputs—quality seed. Seed is not merely an agricultural input; it is the foundation for enhancing productivity, profitability, food security, climate resilience, and the overall competitiveness of our agricultural and food system.

Farm2Food Bangladesh 2026 provides an important platform to highlight the critical role of seed while-bringing together the broader agricultural and food value chain. It can help establish stronger linkages among seed and other agri-sector companies, farmers, researchers, government agencies, financial institutions, technology providers, agribusinesses, and investors. Access to appropriate finance and modern technology will also be essential for enabling the private sector to expand its capacity, promote innovation, and serve farmers more effectively.

I therefore welcome Farm2Food Bangladesh 2026 as an important opportunity to highlight the strategic importance of the agricultural industry and to promote greater collaboration, investment, and knowledge sharing across different sectors.

I hope this platform will generate new partnerships, encourage innovation, facilitate investment, and contribute to building a competitive, resilient, technology-enabled, and farmer-responsive agricultural sector in Bangladesh.

I congratulate the organizers on undertaking this important initiative and wish Farm2Food Bangladesh to be held 15-17 October 2026, at the International Convention City Bashundhara (ICCB), every success.

With best wishes for a productive and impactful exhibition.

Message

It is a pleasure to be associated with Farm2Food Bangladesh 2026, an important platform that brings together Seed, agriculture, food, technology, innovation, and agribusiness under one roof.

The future of Bangladesh's agriculture depends not only on increasing production, but also on ensuring quality inputs, modern technologies, efficient value chains, food safety, and stronger linkages between farmers, entrepreneurs, researchers, industries, and markets. In this journey, the seed sector has a particularly important role, as quality seed is the foundation of productive, resilient, and sustainable agriculture.

Farm2Food Bangladesh 2026 provides an excellent opportunity to showcase emerging technologies, innovative products, investment opportunities, and new ideas across the agricultural and food sectors. It can also facilitate meaningful interaction among national and international stakeholders and create avenues for business collaboration and knowledge exchange.

The Bangladesh Seed Association (BSA) is pleased to support this initiative and to contribute to the development of a more dynamic, technology-driven, and competitive agricultural ecosystem in Bangladesh.

I extend my sincere greetings and best wishes to the organizers, exhibitors, industry leaders, researchers, entrepreneurs, farmers, delegates, and visitors of Farm2Food Bangladesh 2026. I hope this exhibition, to be held from 15 to 17 October, at the International Convention City Bashundhara (ICCB), will generate new partnerships, inspire innovation, and contribute to the continued growth of Bangladesh's agriculture and food industries. Wishing Farm2Food Bangladesh 2026 every success.

Message

It is a great pleasure and privilege to extend my warm greetings and best wishes to the distinguished guests, exhibitors, delegates, business leaders, professionals, researchers, and participants of Farm2Food Bangladesh 2026 – Food & Agro Industries International Exhibition, to be held from 15–17 October 2026 at the International Convention City Bashundhara (ICCB), Dhaka.

Farm2Food Bangladesh 2026 comes at an important time when Bangladesh's agriculture and food industries are undergoing rapid transformation. The event provides a valuable platform for bringing together stakeholders across the entire food and agro-industrial value chain—from seeds and agricultural technologies to food production, processing, packaging, dairy, meat, fisheries, seafood, aquaculture, and allied industries.

The seed sector, in particular, serves as the foundation of agricultural productivity, food security, and sustainable agricultural development. Access to quality seed, modern technologies, innovation, improved varieties, and efficient market linkages is essential for increasing productivity and strengthening the competitiveness of Bangladesh's agriculture.

In this context, Farm2Food Bangladesh 2026 can serve as an effective platform for technology showcase, knowledge exchange, investment promotion, business networking, and national and international collaboration. It will also provide opportunities to explore emerging technologies and innovative solutions that can contribute to a more efficient, resilient, sustainable, and market-oriented food and agriculture sector.

I commend Savor International Limited for organizing this important international exhibition and for creating a platform where industry, business, science, technology, and investment can come together.

On behalf of the Bangladesh Seed Association, I extend my sincere appreciation to all organizers, exhibitors, sponsors, delegates, and participants. I am confident that their collective participation will make Farm2Food Bangladesh 2026 a meaningful platform for new ideas, new partnerships, and new opportunities.

I wish Farm2Food Bangladesh 2026 every success and extend my best wishes to all participants for a productive, inspiring, and rewarding experience.

Message

It is my great pleasure to extend my warm greetings to the organizers, exhibitors, delegates, and participants of Farm2Food Bangladesh 2026 – Food & Agro Industries International Exhibition, to be held from 15–17 October 2026 at the International Convention City Bashundhara (ICCB), Dhaka, Bangladesh.

The food and agro-industrial sectors play a vital role in Bangladesh's economic development, food security, and industrial growth. In this context, Farm2Food Bangladesh 2026 offers a valuable platform for bringing together industry leaders, manufacturers, technology providers, and professionals to exchange knowledge, showcase innovations, explore business opportunities, and foster meaningful collaborations.

Packaging is an integral part of the food and agro-industrial value chain. Appropriate packaging solutions contribute to food safety, product quality, extended shelf life, reduced food loss and waste, efficient transportation, and enhanced market competitiveness. Embracing innovative, cost-effective, and sustainable packaging technologies is therefore essential for strengthening Bangladesh's food and agro-industrial ecosystem.

As the Knowledge Partner of this important exhibition, the Bangladesh Institute of Packaging (BIP) is pleased to contribute to knowledge sharing, professional development, and the promotion of innovative and sustainable packaging practices. We believe that closer collaboration among industry, academia, and technology providers will help address existing challenges and unlock new opportunities for the sector.

I sincerely congratulate Savor International Limited for taking this commendable initiative and wish Farm2Food Bangladesh 2026 every success. I also wish all exhibitors, delegates, and participants a productive, insightful, and rewarding experience.

With best wishes,

It gives me immense pleasure to extend my warm greetings to all guests, exhibitors, delegates, and participants of Farm2Food Bangladesh 2026 – Food & Agro Industries International Exhibition, organized by Savor International Limited, to be held from 15–17 October 2026 at the International Convention City Bashundhara (ICCB), Dhaka, Bangladesh.

As a chamber dedicated to strengthening trade, investment, and economic cooperation between Bangladesh and Malaysia, BMCCI welcomes this initiative to connect businesses across the food and agricultural value chain. The exhibition offers a valuable platform for innovation, knowledge exchange, business networking, and international partnerships.

Agriculture, food processing, halal food, packaging, cold-chain logistics, fisheries, and aquaculture offer promising opportunities for Bangladesh–Malaysia collaboration. I believe this exhibition will encourage technology exchange, investment, and joint ventures, helping businesses improve product quality, strengthen food safety, and expand access to international markets.

I congratulate Savor International Limited for organizing this important event and wish Farm2Food Bangladesh 2026 great success. I extend my best wishes to all participants for a fruitful and rewarding experience.
Thank you.

It gives me immense pleasure to extend my warm greetings to all guests, exhibitors, delegates, and participants of Farm2Food Bangladesh 2026 – Food & Agro Industries International Exhibition, organized by Savor International Limited, to be held from 15– 17 October 2026 at the International Convention City Bashundhara (ICCB), Dhaka, Bangladesh.

This exhibition provides a valuable platform for innovation, knowledge exchange, and business collaboration across agriculture, food processing, packaging, cold chains, dairy, fisheries, aquaculture, and related sectors.

As President of the Bangladesh China Chamber of Commerce & Industry (BCCCI), I see considerable opportunities for closer Bangladesh–China cooperation in these industries. Connecting Bangladesh's agricultural strengths with Chinese technology, manufacturing expertise, and investment can help improve productivity, reduce post- harvest losses, and expand market opportunities.

BCCCI encourages business dialogue and partnerships that translate these opportunities into trade, technology exchange, and joint ventures. I hope this exhibition will inspire lasting commercial relationships and contribute to a more sustainable and competitive food and agro-industrial sector in Bangladesh.

I congratulate Savor International Limited on organizing this important event and wish Farm2Food Bangladesh 2026 every success. My best wishes to all participants for a productive and rewarding experience.

It gives me immense pleasure to welcome all guests, exhibitors, delegates, and visitors to Farm2Food Bangladesh 2026 – Food & Agro Industries International Exhibition, to be held from 15–17 October 2026 at the International Convention City Bashundhara (ICCB), Dhaka, Bangladesh.

At Savor International Limited, our vision is to create meaningful business platforms that connect industries, encourage innovation, and support sustainable growth.

Farm2Food Bangladesh 2026 brings this vision to life by connecting stakeholders across agriculture, food processing, packaging, cold chains, dairy, meat processing, fisheries, seafood, aquaculture, and related sectors.

Through this exhibition, we aim to help businesses discover modern technologies, exchange knowledge, explore investment opportunities, and build lasting partnerships.

We hope these connections will contribute to greater agricultural productivity, reduced food losses, stronger food safety, and expanded export opportunities for Bangladesh.

I sincerely thank our valued exhibitors, partners, supporting associations, government institutions, diplomatic missions, and visitors for their trust and participation. I also extend my appreciation to our dedicated team for their commitment to making this exhibition a success.

I wish all participants a productive and rewarding experience at Farm2Food Bangladesh 2026. Together, let us build a stronger and more sustainable future for Bangladesh's food and agro industries.

goodlifeUV

Logical. Simple. Guaranteed Solutions

NON-CONTACT UV Water treatment systems for Every Hatchery

Safe, chemical-free water disinfection for shrimp, fish, and poultry hatcheries. Our non-contact UV systems use specialized non-fouling, non-scaling, and virtually unbreakable AF tubes with UV lamps positioned outside the tube for consistent, low-maintenance disinfection.

Eliminate bacteria, viruses, and pathogens without chemicals protecting larvae, chicks, and broodstock alike, across every stage of the hatchery.

Built for every hatchery. Trusted for every hatch.
