Meet Buyers in Bangladesh

An average of 77.9% of the population have the access to the electricity in Bangladesh. Bangladesh will need an estimated 34,000 MW of power by 2030 to sustain its economic growth of over 7 percent. Besides, renewable energy can be the most contemporary & efficient solution for reducing power crisis in Bangladesh. There is no other way for accelerating development except to increase the power Generation by fuel diversification. Development of renewable energy is one of the important strategies adopted as part of Fuel Diversification Program.

Savor International Limited has brought to you a new platform through virtual B2B meeting. Attendees of the B2B session will get a platform for the entire power generation professionals to talk, network and meet the world renowned supplier/ manufacturer of the latest products/ technologies in the Power, Electric & Renewable Energy IoT industry.

Manufacturers

System Integrator

Strength of SAVOR to Conduct the Meeting

- Proven history of organize many successful international exhibitions from many years.
- Organizer of country's largest and most promising Power & Renewable Energy Expo named respectively "Power-Gen" and "Renewable Energy Show"
- Strong connectivity with Bangladesh Power industry, ie. Power industry Professionals, Consultants, Importer, Trader, Distributor, Associations and government bodies.
- Strong Connectivity with renowned international supplier and manufacturer.
- Proven history of arranging many virtual B2B meeting, Webinars, Conferences for renowned organizations like ACI Pharmaceuticals, Bankers Association, Spark Asia, Navigator etc.
- Experienced marketing and PR team.
- In-house team of professional IT experts.

Why to Attend:

- "First-hand" access and knowledge to technology and equipment NOT showcased to anybody else in your country.
- Get chance to network with international companies of Power & Renewable Energy industry.
- Find out potential opportunities to create a road-map for your sustainable growth & development
- Opportunity to tap new products and technologies.
- All attendees would receive a certificate with your name emblazoned on it upon completion of the Meet Buyers in Bangladesh
- Steps ahead from your competitors by dealing with world's latest product in the Power & Renewable Energy Industry.

How to Attend:

- This exclusive virtual meeting powered by ZOOM is only limited to 10 attendees from recognized Power and Renewable Energy equipment importers/distributors, Consultants on a "by invitation" basis.
- An online application form via an email would be sent to you.
- Upon filling the form, you would be notified of the status of your application.
- When your status is approved, a coordinator would be in touch with you to arrange a schedule suitable for you to attend these meetings.

How Long Would the Meeting last?

- An attendee would need to attend a meeting with 10 different suppliers. However, one supplier would only limit their presentation to NOT more than 20 minutes. And there will be a Q&A Session of another 10 Minutes between the Supplier and attendee.
- Attendees DO NOT NEED to finish all the meetings in a day. The meetings could be spread out during the session 23-26 November 2020 (Monday – Thursday) according to the attendees' schedule.
