Meet Buyers in Bangladesh

Currently the 57th largest economy in the world, Bangladesh has been making significant socio-economic developments in recent years. Yet, despite improving healthcare indicators such as decline in mortality rates and increase in average life expectancy, the health sector of the country is yet to reach its full potential. Though Bangladesh is one of the ten countries with lowest health expenditure. However, reform policies coupled with innovation and investment by the private sector may translate into rapid rise of this sector. Rising health expenditure, the need to develop healthcare infrastructure has made this country-a Land of Opportunity for medical Industry. Besides, business strategies have completely changed due to the coronavirus pandemic. This pandemic has given us an opportunity to transform our thinking. You do not need to wait for travelling, face to face meeting, double your expenses to find your supplier/ manufacturer or agents/distributors/clients.

Fireworks Media Group, Singapore and Savor International Limited, Bangladesh have brought to you a new platform for virtual B2B meeting where you can meet the world renowned supplier/ manufacturer of the latest products/ technologies in Medical Industry along with the products to combat the present and post pandemic situation.
