Messege

I am pleased to hear SAVOR INTERNATIONAL LIMITED for organizing upcoming three day long international exhibition Home Appliances and Household Products exhibition "HH Expo-2022" from 01 to 03 December, at ICCB, Dhaka.

Bangladesh is experiencing a steady economic growth which has fueled a huge demand for various household products. The Bangladeshi economy is significantly helped household sector, which contributes more than 13% of the country's trade. Bangladesh has 164.7 million people amongst which now most of the people are now getting used to using various types of local and foreign home electronics appliances specially the young populations of the country are highly globalized in terms of thoughts, needs, and choices. Even many foreign companies has established their factories here that has redefined Bangladesh from being a consumer country to a producer country for home appliances. Undoubtedly it can be said that day by day Bangladesh is emerging like a next hub for electronic assembling and retail sector. Due to being a labor intensive country, it could be proper place for investment. Local companies must be mindful of global industry trends such as technology advancements, digitalization, additive manufacturing, and rise of e-commerce that may shape the way of this industry. This sector will have to explore new business models or harness new technology to remain competitive.

I believe this exhibition will help to create the Industry Transformation Map (ITM) with the common interested community as it brings all the renowned companies relevant to this industry at the same platform. It will serve as a blueprint that encompasses strategies for productivity improvement, innovation and the right skills to drive future industry growth.

I wish a great success of this exhibition

(Nurul Majid Mahmud Humayun MP)

Messege

I really appreciate SAVOR INTERNATIONAL LIMITED for organizing upcoming three-day long international exhibition on Home Appliance and Household Products named "HH Expo-2022" from 01 to 03 December, 2022 at ICCB, Dhaka.

The home appliances industry is becoming increasingly important in the industrial sector of Bangladesh and it has started demonstrating and marketing a variety of quality products abroad. Due to the production capacity and potential of the industry, Bangladesh is gradually gaining an important position in the world and creating opportunities and prospects for the country in the international arena. Bangladeshi manufacturers in the Home Appliance industry are creating world-class products with their own design and technology, leaving behind the simple addition of products and the domestic marketing phase. At the same time, it has built it's own strong brand and loyal customers in the domestic and international markets. Along with globalization and improvement in living standards, the prevalence of household products has also increased and our home appliance industry is expanding in parallel as people are now more aware of buying attractive and quality products from home and abroad.

I truly believe that the "HH Expo-2022" exhibition is the proper place to show our competitiveness and make our business collaboration with others. Furthermore, the continued cooperation and collaboration with stakeholders will ensure to spearhead our country that drive business development, investment, trade and adherence to standards.

I wish a great success of this exhibition.
Joy Bangla, Joy Bangabandhu.

Messege

I am pleased to hear that SAVOR International Ltd. is going to organize a three-days international Exhibition on Home Appliances and Household Products "HH Expo-2022" at International Convention City Bashundhara (ICCB), Dhaka.

Today, Bangladesh is the location of numerous big firms and small enterprises. While Bangladeshis were accustomed to working in agriculture, opportunities for employment in other areas expanded as the country developed and the percentage of educated professionals rose. Almost everyone who lives in a city works for a company that provides them with financial security. However, those who reside in rural areas are not far behind either. Like urban residents, many rural families have seen an improvement in their standard of living due to the growth of economic opportunities. Annually, the per capita income is rising significantly. As a result, consumers' purchasing power is growing similarly in both urban and rural areas. Now, a home needs more than just a refrigerator and a television. Regular households are now accepting air conditioners, washing machines, microwave ovens, and kitchen appliances. Great prospects have now arisen for the consumer electronics sector as a result.

The newest developments in all home appliances and household-related items and equipment are being consolidated under one brand by SAVOR International Ltd.

I wish the exposition a grand success.

Mr. Mahbubul Alam

Mr. GAZI GOLAM MURTOZA
Honorable President
Bangladesh China Chamber of Commerce and Industry
(BCCCI)

Message

I'm pleased to learn that Savor International Limited will host the 4th "HH Expo 2022" from December 1-3, 2022 at the International Convention City Bashundhara (ICCB), Dhaka, featuring the Electronics Appliance & EMM, Home Decor Expo, Kitchen Products, Technologies & Solutions Expo and Hospitality Bangladesh Expo. I would also like to applaud Savor International Limited for continuing such a wonderful event on living a better and more attractive lifestyle.

Bangladesh-China friendship is traditional. The relations between these two territories date back to history. Since then China has always remained as a great friend of Bangladesh. Apart from extending economic and defense cooperation, China lent its support for Bangladesh in different international forums. The chamber will always make a positive contribution to the promotion of trade, commerce and industries between Bangladesh and China. Our pragmatic steps in fostering ties, particularly will strive to diversify China's business with Bangladesh. BCCCI ardently believes that China-Bangladesh trade, investment and economic relations must be further expanded for the greater benefit of the two peoples due to geo-political and geo-strategic bondage, and for the peace and development of the region.

I hope, this summit & exhibition will provide a common platform for domestic and international entrepreneurs to showcase their Home Appliances, Household & Hotel & Hospitality products and services in the HH Expo 2022 and I hope that our consumers will respond to this noble event by showing increasing interest in related equipment service-oriented industries.

I wish the exhibition a grand success.

Gazi Golam Murtoza
President
Bangladesh China Chamber of Commerce and Industry (BCCCI)

Mr. Syed Almas Kabir

Bangladesh-Malaysia Chamber of Commerce and Industry
(BMCCI)

Messege

I note with immense appreciation that SAVOR INTERNATIONAL LIMITED is going to organize an international exhibition a three-day long international exhibition titled "HH Expo 2022" from December 01-03, 2022 in Dhaka, Bangladesh.

In Bangladesh's industrial sector, the home appliances sector is growing in importance, and it has started showcasing and marketing a range of high-quality products abroad. Due to the industry's production capacity and potential, Bangladesh is steadily assuming a significant role in the global economy, opening doors and presenting chances for the nation there. Bangladeshi producers in the home appliance sector are eschewing the simple addition of products and the domestic marketing phase in favor of creating products of the highest quality using their own design and technology. In parallel, it has built a solid brand and a devoted following of customers in both home and foreign markets. Our home appliance sector is growing concurrently with globalization and the development in living standards since more consumers are aware of purchasing enticing and high-quality goods both domestically and internationally.

SAVOR has taken the great initiative by organizing this exhibition that is expected to attract a large number of industry buyers, market players and visitors. SAVOR has created a unique networking platform for both Bangladesh and foreign participants to showcase their smart and innovative products related to Household Products, Technologies, Hotel & Tourism Industries, Electronic Appliances, Kitchen Equipment as well as Hospitality Products & Services to get mutual benefit through sharing technology, ideas.

I congratulate all Participants, Visitors, Agents, and Distributors on this occasion.

Dhaka- 1219, Bangladesh

Messege

I am very much delighted to know that SAVOR International Ltd. is going to organize an international exhibition on Home Appliances and Household Products "HH Expo-2022" from December 01 to December 03, 2022 in Dhaka, Bangladesh.

Bangladesh is gearing its economy towards greater market penetration for investors through its strengthening current infrastructure where Home appliances and Household industry specially electronics Industry has a great contribution. Now in Bangladesh market players are using the latest developments, advanced technology, and innovative materials to compete in this industry.

This exhibition will be very helpful to showcase the avant-garde products that incorporate technology, design or any other especially novel and outstanding aspect. This three-day exhibition is the perfect opportunity to showcase your products and services in front of thousands of contractor, manufacturers, agents, distributors, entrepreneur, investors and many more. Be part of this Expo and build upon existing relationships and secure new qualified leads and ultimately grow your business. It provides an excellent occasion to assess opinions from clients and determine market potential, conduct research and evaluate competition by identifying new agents and distributors, and initiating joint ventures.

I believe this organization would continue the process of creating successful exhibitions who will contribute to the business industry.

I congratulate all participants, visitors, agents, distributors on this occasion.

MD. Hasmotuzzaman

President
ISHRAE, BANGLADESH CHAPTER

Messege

I am very grateful to SAVOR INTERNATIONAL LIMITED for planning the next "HH Expo-2022," a three-day International Exposition on Home Appliances and Household Goods, to be held at the International Convention City Bashundhara (ICCB) in Dhaka from December 1-3, 2022.

In Bangladesh's industrial sector, the Home Appliances sector is growing in importance and it has begun showcasing and exporting a range of high-quality goods. Bangladesh is gradually assuming a significant role in the globe and developing opportunities and prospects for the nation in the global arena as a result of the production capacity and potential of the sector. Home Appliance manufacturers in Bangladesh are moving away from the simple addition of products and the domestic marketing phase in favor of producing products of the highest quality using their own design and technology. In both the home and foreign markets, it has simultaneously developed a strong brand and a following of devoted customers. Our home appliance sector is growing concurrently with globalization and the development in living standards since more consumers are aware of purchasing enticing and high-quality goods both domestically and internationally.

I firmly believe that the "HH Expo-2022" exhibition is the ideal venue for us to demonstrate our competitiveness and establish commercial partnerships. Additionally, the ongoing collaboration and cooperation with stakeholders will guarantee that our nation is led by forces that promote trade, business development, and adherence to norms.

On behalf of our ISHRAE- Bangladesh Chapter, the success of this exhibition is my sincere wish.

Savor International Limited

Message

I am announcing with great pleasure that SAVOR INTERNATIONAL LIMITED is organizing a three days long International Exhibition on Home Appliances and Household Products "HH Expo- 2022" from December 01 to December 03, 2022 in Dhaka, Bangladesh at International Convention City Bashundhara.

Home Appliances and Household Products is an International Exhibition that has been designed for players in the Home Appliances sector which include manufacturers, investors, key industry experts sharing views on market trends, business opportunities, etc. to meet the ever-increasing demand in this field. The electronics sector provided an ideal platform for B2B and B2C interactions.

SAVOR has created a unique networking platform for both Bangladesh and foreign participants to showcase their smart and innovative products related to Home Appliances industry to get mutual benefit through sharing technology, ideas. It provides an excellent opportunity to access opinions from clients and determine market potential, conduct research and evaluate the compaction, develop commercial structures by identifying new agents and distributors and initiating joint ventures.

The exhibit hall provides an interactive experience personalized to connect attendees with the latest technology and innovations in the conventional markets from around the world.

Md. Amirul Islam

Md. Faizul Alam
Managing Director
Savor International Limited

Messege

I am very happy to inform you that for the 1st time in Bangladesh SAVOR INTERNATIONAL LIMITED is going to organize an International Exhibition on Home Appliances and Household Products titled "HH Expo 2022" from December 01 to December 03 at International Convention City Bashundhara (ICCB), Dhaka.

The Home Appliances and Household Products Sector specially electronics sector has progressed tremendously and has come up with some breathtakingly advanced technologies in Bangladesh. Due to rising labor cost, more and more production is being outsourced to cheaper destination. Bangladesh with its affordable wage structure of workers, growing expertise in the IT sector and light engineering can be a future hotspot for manufacturing of consumer electronics and appliances.

The purpose of our exhibition is to create a universal business platform for professionals working in the same field. If you plan to acquire new partners, wholesale buyers, to establish themselves in your market, show full competitiveness, or want to demonstrate new products in your field; participation in the exhibition is the most effective way to achieve these goals. The event will be held in B2B and B2C format and is targeted at industry professionals and customers.

I truly believe this exhibition will contribute to the economy of Bangladesh by bringing the Exhibitors from different parts of the world and will create a sustainable platform for the local and international entrepreneurs to showcase products and materials

I congratulate to all participants and sponsors for being the part of this International exhibition and wish you all the success.

Md. Faizul Alam
