It is a distinct honor to extend my warmest regards to the organizers, participants, and distinguished attendees of the 6th Bangladesh International Marine & Offshore Expo (BIMOX) 2024, organized by Savor International Ltd., taking place from November 7 to 9 at the International Convention City Bashundhara (ICCB) in Dhaka.

In 21st century fast technological advancements like Automation, AI, IoT, Robotics and growing maritime opportunities, platforms like BIMOX are essential to foster collaboration, knowledge exchange, and innovation in the maritime industry along with marine and offshore sectors. This prestigious event underscores Bangladesh's commitment to the Blue Economy, enhancing sustainable maritime development while protecting our nation's valuable ocean resources.

As a maritime nation we remain steadfast in its dedication to maritime peace, security, development and sustainable utilization of optimum ocean resources, and we view events like BIMOX as integral and inline of our vision and goal. This expo not only provides an invaluable platform for industry experts, policymakers, academicians and stakeholders but also opens new avenues for partnerships that strengthen the maritime domain.

I congratulate Savor International Ltd. for their dedication in organizing this pivotal event and express my appreciation to all participants whose contributions are sure to make this expo a remarkable success. May this event pave the way for a stronger, more resilient, and progressive maritime industry in Bangladesh. We pray to almighty for everybody's peace happiness and success here and here after.

Messege

It is a great honor and privilege to extend my warmest welcome to all esteemed participants, industry professionals, and distinguished guests at the 6th edition of the Bangladesh International Marine & Offshore Expo (BIMOX) 2024.

The maritime and offshore sectors are crucial to Bangladesh's economic growth and development, and few elements are as transformative within these sectors as our ports. As Bangladesh advances towards its vision of a "Blue Economy," the Payra Sea Port stands as a powerful driver of this progress, facilitating regional trade, creating new business opportunities, and stimulating economic development. By expanding our port infrastructure, we are paving the way for a more connected and economically vibrant Bangladesh.

Payra Port, with its strategic location, has become an essential gateway to regional and international markets. As the nearest port to the bustling Dhaka-Chattogram corridor, it plays a pivotal role in reducing transport times and costs for businesses using hinterland connectivity, thereby increasing their competitiveness. At the Payra Port, we are deeply committed to modernizing port operations to ensure efficiency and security in an eco-friendly environment. From infrastructure upgrades to adopting digital innovations, we are working diligently to make Payra Port a model of excellence in the region. Our ongoing projects to expand container handling, deepen draft levels, and develop logistics facilities are designed to attract more international cargo and make Payra a hub for trade in South Asia.

Furthermore, Payra Port is a driving force for job creation, supporting many industries that depend on reliable and efficient shipping. Its growth has ripple effects throughout the economy, spurring growth in manufacturing, logistics, tourism, and other key sectors. By fostering regional development and creating employment opportunities, Payra Port contributes not only to the national economy but also to the socio-economic upliftment of communities around it.

BIMOX 2024, with its theme "Integrating Economic Growth and Ocean Health," aligns with our mission to build a maritime economy that is prosperous yet sustainable. At Payra, we are committed to maintaining a green and eco-friendly environment which includes renewable and cleaner energy solutions, waste management systems, and strict environmental monitoring, so that economic development does not come at the expense of our marine ecosystems.

I am confident that the discussions and partnerships formed at this event will further support Payra Sea Port's role as a transformative force, one that drives the future of Bangladesh's economy and strengthens our position in the global maritime sector. May BIMOX 2024 inspire bold new initiatives that help us maximize the potential of our ports and position Bangladesh as a leading maritime nation.

Wishing everyone a productive and insightful experience at BIMOX 2024.

Message

It is a great honor for us to extend our best wishes to the organizers, exhibitors, and visitors of the Bangladesh International Marine & Offshore Exhibition (BIMOX) 2024. This pioneering event serves as a vital platform, fostering innovation, collaboration, and advancement within the maritime and offshore sectors of Bangladesh and beyond.

Marine Fisheries Academy is proud to witness the dynamic growth and potential of our maritime industry. Events like BIMOX not only showcases emerging technologies and best practices but also pave the way for invaluable knowledge-sharing, industry connections, and sustainable development. As the maritime sector continues to evolve, platforms like this inspire future professionals and underscore the importance of collaboration for a resilient and progressive industry.

I commend Savor International Limited and all stakeholders for their dedication to organizing BIMOX 2024 and for providing this platform to explore new horizons in the maritime and offshore domains. I am confident that this event will drive impactful discussions and set new benchmarks for the industry.

Wishing everyone a successful and enriching experience at BIMOX 2024!

Warm regards,

Messege

Dear Esteemed Participants and Distinguished Guests,

It is with immense pleasure and pride that I extend my warmest welcome to the Bangladesh International Marine & Offshore Expo (BIMOX) 2024, organized by Savor International Ltd. As the Principal of the National Maritime Institute, I am honored to endorse and support this significant event in the maritime industry.

BIMOX has consistently served as a vital platform for networking, knowledge exchange, and the showcase of cutting-edge innovations in the marine and offshore sectors. It brings together professionals, experts, and enthusiasts from around the world, fostering collaboration and driving progress in our industry.

At the National Maritime Institute, we recognize the importance of continuous learning and technological advancement in the maritime domain. BIMOX aligns perfectly with our commitment to excellence in education, research, and training. It is an opportunity to explore emerging trends, discuss challenges, and discover solutions that will shape the future of our industry.

I encourage all participants to engage actively in the various events, discussions, and exhibitions during BIMOX 2024. Let us collectively contribute to the growth and sustainability of the maritime and offshore sectors. Together, we can propel our industry towards a brighter and more prosperous future.

Thank you to Savor International Ltd. for their dedication in organizing this exceptional event. I am confident that BIMOX 2024 will be a resounding success, and I look forward to witnessing the fruitful outcomes of this gathering.

Warm regards,

Captain Aatur Rahman

Dear Exhibitors, Partners, and Visitors,

On behalf of Savor International Ltd., it is my honor to welcome you to the 6th Bangladesh International Marine & Offshore Expo (BIMOX) 2024, held from November 7 to 9 at the International Convention City Bashundhara (ICCB) in Dhaka. This event exemplifies our commitment to the growth and sustainability of Bangladesh's marine and offshore industries, providing a dynamic platform for knowledge sharing, innovation, and collaboration.

BIMOX has become a flagship event, drawing industry leaders and experts from around the world to engage in discussions and partnerships that will shape the future of the blue economy. As we strive to balance economic growth with ocean health, this year's expo will focus on the technologies and strategies essential to building a sustainable, resilient marine industry for Bangladesh and beyond.

I extend my heartfelt appreciation to all participants, exhibitors, and sponsors who have joined us for BIMOX 2024. Your engagement and support are invaluable as we work together to elevate Bangladesh's presence in the global marine industry.

Thank you for being part of this journey, and I wish you a successful and inspiring experience at BIMOX 2024.

Warm regards,

Dear Participants, Exhibitors, and Visitors,

It is a great pleasure to welcome you to the 6th Bangladesh International Marine & Offshore Expo (BIMOX) 2024, proudly organized by Savor International Ltd. This event, taking place from November 7 to 9, 2024, at the International Convention City Bashundhara (ICCB) in Dhaka, reflects our dedication to the advancement of Bangladesh's marine and offshore industries.

BIMOX has established itself as a premier platform for showcasing innovations, fostering collaboration, and advancing sustainable growth within the marine and offshore sectors. As global economic and environmental landscapes evolve, the blue economy plays a pivotal role in balancing economic development with ocean health. This year, BIMOX features a lineup of exhibitors, industry experts, and thought leaders from around the world, providing an unparalleled opportunity to connect, exchange ideas, and explore solutions that align with our sustainable goals.

I extend my sincere thanks to our partners, exhibitors, and visitors who make BIMOX 2024 possible. Your participation and enthusiasm strengthen our mission to elevate Bangladesh's position within the global marine industry and contribute to a brighter, sustainable future.

Welcome to BIMOX 2024, and I wish you a productive and inspiring experience.

Warm regards,

Md. Faizul Alam
