About Safecon

SAFECON is the largest infrastructure show in Bangladesh. Another five concurrent exhibitions are also taking place simultaneously under the same umbrella of SAFECON i.e. **BUILDEX**, **BPLX**, **RENEX**, **WaterEx** and **TimberTech Bangladesh**.

BUILDEX is a premier showcase dedicated to Safe & Sustainable Construction, Building Materials, Modern Methods, Equipment, and the Real Estate sector in Bangladesh. **Bangladesh Power & Lighting Expo (BPLX)** presents a comprehensive display of generators, substations, power generation equipment, cables, batteries, electrical components, lighting products and solutions, solar-powered lighting and maintenance services. **RENEX** stands as Bangladesh's leading platform for renewable energy and sustainable power solutions—bringing together cutting-edge innovations in solar thermal and photovoltaic systems, solar irrigation, green architecture, geothermal energy, and emerging wave and tidal power technologies and much more. Water Management Show – **WaterEx** features cutting-edge technologies and products in safe water solutions, water recycling, filtration systems, waste water management etc. for both domestic and industrial. **TimberTech Bangladesh** highlights the dynamic transformation of the timber and engineered wood industry into a high-tech, sustainable sector, positioning Bangladesh as an emerging regional hub amid growing demand in construction, real estate etc.

ABOUT BANGLADESH'S ONLY INTERNATIONAL EXHIBITION ON HVAC-R & COLD CHAIN

SAFE HVAC-R & Cold Chain is the one and only dedicated exhibition on Heating, Ventilation, Air-Conditioning, Air-Filtration & Purification & Refrigeration Systems, Cold Chain Management Systems, Solutions and Services in Bangladesh! As the country continues to undergo rapid urbanization with major investments in commercial, residential and industrial projects, the SAFE HVAC-R & Cold Chain rides on Bangladesh's High Economic Growth which is now having South Asia's the Highest GDP and the Biggest Market after India with population of over 170 million. Bangladesh is thus in great need for air conditioning and ventilation products and services and the government has put strong emphasis on applying green construction methods and technologies rising the demand for Smart HVAC systems in the country as well.

The latest edition of SAFE HVAC-R & Cold Chain is staged to provide an innovative platform for professionals and companies to capture these business opportunities. A gathering of major industry leaders including factory owners, developers, engineers, contractors, consultants, importers, distributors, dealers and regulatory bodies, the Expo is the best avenue to expand your business in Bangladesh.

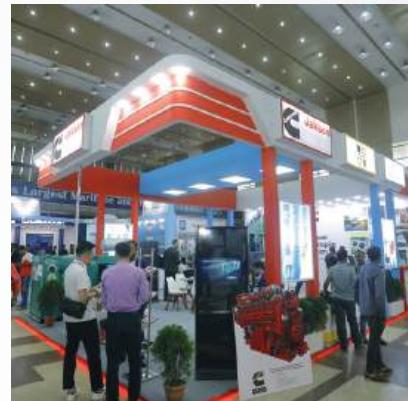

About BIMOX Expo

Bangladesh International Marine and Offshore Expo (BIMOX) is slated to be Bangladesh's most comprehensive international business platform encompassing all aspects of ship building, ship repairs, shipping, maritime engineering, offshore engineering & technology, shipbreaking equipment, dredging equipment and ports & logistics.

This exhibition will help to create the Industry Transformation Map (ITM) with the maritime community as the event is an exceptional meeting point for the global maritime community in Bangladesh, a region where the industry remains buoyant and strong growth is set to occur. It will serve as a blueprint that encompasses strategies for productivity improvement, innovation and the right skills to drive future industry growth.

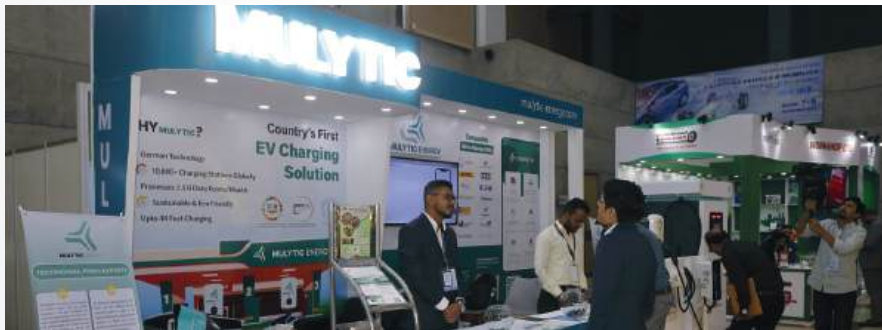

ABOUT BANGLADESH ELECTRIC VEHICLE & MOBILITY EXHIBITION

The electric vehicle (EV) industry in Bangladesh is gaining momentum as the country aims to transition to sustainable and environmentally friendly transportation solutions. The government of Bangladesh has been actively promoting the adoption of electric vehicles. It has implemented various incentives and policies to support EV manufacturing, import, and usage. These include tax exemptions, reduced customs duties, and favorable loan facilities for EV manufacturers and buyers. The demand for EVs is gradually increasing in Bangladesh. Individuals, businesses, and government organizations are showing interest in electric two-wheelers, three-wheelers, and cars due to their cost-effectiveness, reduced environmental impact, and long-term savings on fuel costs.

The EV industry in Bangladesh is at a nascent stage but holds great potential for growth. With supportive government policies, expanding charging infrastructure, and increasing awareness among consumers, the country is poised to embrace sustainable mobility and contribute to a greener future.

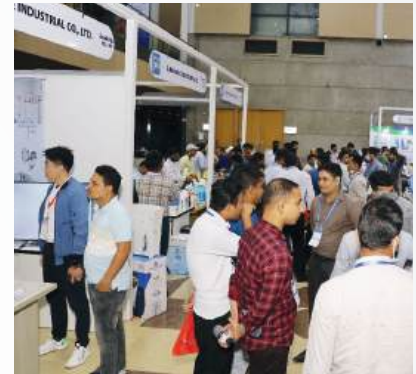

ABOUT BANGLADESH INTERNATIONAL MEDICAL EXPO

BIMEX is an advanced platform for manufacturers, exporters, and service providers in the healthcare industry looking to explore, showcase, and expand into new or existing markets in Bangladesh. As the most comprehensive event of its kind in the country, BIMEX brings together industry leaders across Medical Equipment & Technology, Lab Technology, Physiotherapy and Medical Disposables. The expo serves as a dynamic hub for collaboration, innovation, and growth-uniting healthcare professionals, suppliers, distributors, and decision-makers under one roof.

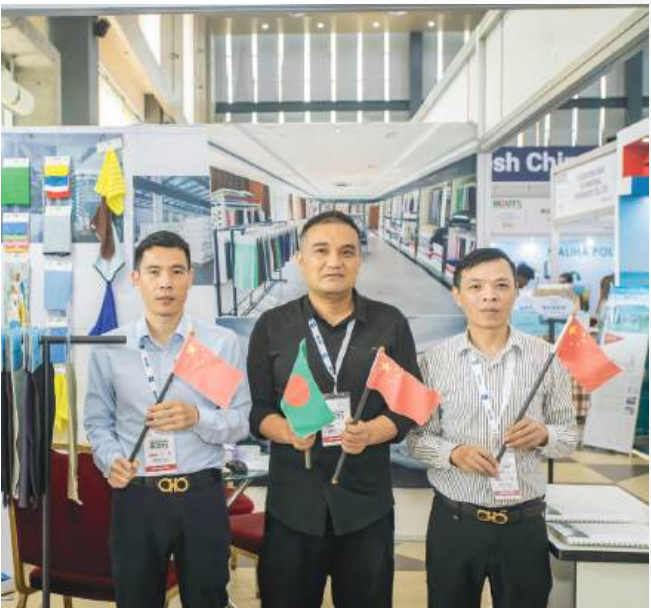

ABOUT THE BANGLADESH'S ONLY BILATERAL BANGLADESH-CHINA EXHIBITION ON SUSTAINABLE TEXTILES & GARMENT TECHNOLOGY

Bangladesh-China Green Textile Expo (BCGTX) is Bangladesh's only bilateral exhibition dedicated to **Man-Made Textile, Yarn & Fabric, and Green Innovation & Technology**. The expo brings together key industry players from both nations to explore the latest innovations, sustainable technologies, and business opportunities across the complete textile value chain. Bangladesh, the world's 2nd largest garment exporter, is rapidly embracing green transformation, with over 200 LEED-certified factories, and strong technological collaboration with China—the global leader in advanced textile machinery—is vital to drive this growth.

BCGTX is co-organized by CEAB, with support from the China Embassy, BGMEA, and delegates from Shanghai Climate Week, offering exhibitors' unmatched guidance, market access, and strategic collaboration opportunities. By connecting factory owners, technology providers, sustainability experts, and policymakers, **BCGTX** stands as the most influential platform for advancing green textile development in Bangladesh, where business expansion meets sustainable transformation.

ABOUT THE LARGEST INTERNATIONAL EXHIBITION ON INFRASTRUCTURE INDUSTRY OF SRI LANKA

Infracon serves as the country's premier hub for infrastructure innovation, featuring Five concurrent exhibitions under its umbrella: **BuildMat Sri Lanka**, **Power & Energy Expo Sri Lanka**, **GreenGrid Sri Lanka**, **SafeWater Sri Lanka**, and **HVAC-R & Cold Chain Sri Lanka**.

BuildMat Sri Lanka is a premier showcase dedicated to Safe & Sustainable Construction, Building Materials, Modern Methods, Equipment, and the Real Estate sector in Sri Lanka. **Power & Energy Expo Sri Lanka** presents a comprehensive display of generators, substations, power generation equipment, cables, batteries, electrical and electronic components, lighting products and solutions, solar-powered lighting, specialty lighting, and maintenance services. **GreenGrid Sri Lanka** highlights cutting-edge technologies and innovations in renewable energy, smart grids, energy storage, electric mobility infrastructure, and grid integration for a sustainable energy future. **SafeWater Sri Lanka** features advanced solutions and technologies in safe water access, water recycling, filtration systems, wastewater treatment, and both domestic and industrial water management systems. **HVAC-R & Cold Chain Sri Lanka** showcases a complete range of heating, ventilation, air conditioning, refrigeration, and cold chain technologies, focusing on energy-efficient climate control and temperature-sensitive logistics for industrial and commercial sectors.

About SAFE HOME

SAFE Construction show is truly a splendid showcase of the Safe & Sustainable Construction & Building Materials, Method & Equipment & Real Estate sectors in Nepal. Under the roof of Safe Home four co-related show is held as Safe Construction, Safe Power, Safe Renewable Energy & Safe HVAC.
