

# A Premium International Exhibition of SAFE & SMART POWER AND ENERGY SOLUTIONS in Sri Lanka

**Date: 03 04 05 July, 2026**

**BMICH Exhibition Centre, Colombo, Sri Lanka**

## BACKGROUND

Sri Lanka's power sector drives industrial growth and quality of life, with capacity now over 4,200 MW and demand projected to exceed 10,000 MW by 2040. Meeting this growth sustainably requires tackling fossil fuel reliance, renewable underuse, limited private participation and aging infrastructure.

The Power and Energy Expo Sri Lanka 2026, jointly organized by LECS and Savor International Limited, will unite global innovators, policymakers and industry leaders to showcase solutions, form partnerships and shape a sustainable energy future. The event will also provide a platform for exploring cutting-edge technologies, investment opportunities and policy frameworks that can accelerate the nation's transition to a resilient and low-carbon.

### ABOUT THE ORGANIZERS

**Lanka Exhibition & Conference Services (Pvt) Ltd (LECS)** established in 2003 and registered with the Sri Lanka Convention Bureau, LECS is one of Sri Lanka's most trusted exhibition and conference organizers. Backed by a team of seasoned professionals and influential business leaders, LECS is renowned for delivering events that meet the highest international standards.

**Savor International Limited** is a leading exhibition organizer connecting global buyers, sellers and industry leaders through world-class exhibitions, conferences and seminars. Serving as a bridge between government, business, academia, society and media, Savor delivers large-scale events across multiple industry sectors every year.

### OBJECTIVE OF POWER AND ENERGY EXPO SRI LANKA 2026

- Providing a platform for all stakeholders in the power industry to showcase smart, efficient and sustainable solutions.
- Promoting safe and future-ready energy innovations tailored for Sri Lanka's evolving needs.
- Engaging experts, manufacturers and government officials in policy dialogue and technology adoption.
- Raising awareness among engineers, energy planners and businesses about modern energy practices.
- Supporting the roll-out of innovative and clean technologies in the domestic and regional markets.
- Building strategic partnerships with international companies, buyers and solution providers.
- Encouraging research, development, and academic-industry collaborations for energy innovation.
- Facilitating network and B2B opportunities to drive investments and market expansion.

### POWER AND ENERGY EXPO 2026, A PLATFORM FOR THE EXHIBITORS

The Power and Energy Expo Sri Lanka 2026 aims to extend a platform for your organization to come in front of the decision makers that specify and source billions of dollars in Power Generation sectors for their plans and multiple projects. Exhibiting at the expo 2026 will generate an opportunity for the exhibitors to engage in one-on-one discussions, demonstrate and introduce their products & solutions in an interactive manner. Engagement of international exhibitors from potential export zones of Sri Lanka may create opportunity to the power industry players to reach beyond domestic peripheral. Moreover, this exhibition will build attendance through 360° marketing campaigns that create millions of advertising impressions in print, direct mail, email, electronic media and so on.
