Message

It is a great pleasure to extend my warm greetings on the occasion of the 2nd Edition of the Bangladesh China Green Textile Expo (BCGTX) 2026, scheduled to be held from 14–16 May 2026 at the International Convention City Bashundhara (ICCB), Dhaka.

Bangladesh's textile and apparel sector remains one of the most important pillars of our economy and global trade. As the world increasingly prioritizes sustainability, innovation, and advanced manufacturing, the textile industry must continue evolving to remain competitive in the global marketplace.

BCGTX 2026 is a timely initiative that brings together international and local stakeholders to showcase innovations across key segments of the textile value chain, including Man-Made Textiles (MMF), Yarns & Fabrics, Green Innovation & Technology, Machineries, and Accessories. Such platforms play a crucial role in introducing modern technologies, strengthening industrial capabilities, and promoting sustainable manufacturing practices.

The collaboration between Bangladesh and China has long contributed to the development of our textile sector through technology exchange, industrial partnerships, and trade cooperation. BCGTX serves as an important bridge connecting these strengths, creating opportunities for investment, innovation, and knowledge sharing.

I commend the organizers for their efforts in bringing together global industry leaders and professionals under one platform. I firmly believe that BCGTX 2026 will contribute significantly to strengthening Bangladesh's position as a sustainable and globally competitive textile hub.

I wish the exhibition every success and hope all participants benefit from fruitful engagements and meaningful partnerships.

Khandakar Abdul Muktedir, MP

Habibur Rashid, M.P.

Honorable State Minister, Ministry of Railways
Government of the People's Republic of Bangladesh

Message

It is my pleasure to convey my best wishes on the occasion of the 2nd Edition of the Bangladesh China Green Textile Expo (BCGTX) 2026, which will take place from 14–16 May 2026 at the International Convention City Bashundhara (ICCB), Dhaka.

In today's rapidly evolving global landscape, digital transformation, automation, and innovation are reshaping industries across all sectors. The integration of advanced technologies into manufacturing and industrial processes has become essential for achieving efficiency, sustainability, and global competitiveness.

BCGTX 2026 provides an excellent platform that showcases innovation across key segments including Man-Made Textiles, Yarns & Fabrics, Green Innovation & Technology, Machineries, and Accessories. These segments reflect the future of modern industrial development, where technology and sustainability go hand in hand.

Bangladesh is moving towards a smart and knowledge-based economy, where innovation plays a central role in driving growth. Platforms like BCGTX contribute significantly to this vision by promoting knowledge sharing, encouraging technological adoption, and facilitating collaboration between local and international stakeholders.

The strong partnership between Bangladesh and China further enhances opportunities for technology transfer, industrial advancement, and investment. Such collaborative initiatives are essential for building a competitive and future-ready economy.

I commend the organizers for their efforts in creating such a dynamic and impactful platform.

I believe that BCGTX 2026 will serve as a catalyst for innovation, collaboration, and sustainable industrial growth.

I wish the event a great success.

Habibur Rashid, M.P.

Song Yang

Embassy of the People's Republic of China in Bangladesh

The Embassy of the People's Republic of
China in Bangladesh

Message

It is with great pleasure that I extend my heartfelt welcome and congratulations to all participants of the Bangladesh China Green Textile Expo (BCGTX) 2026.

I commend the organizers, including the Chinese Enterprises Association in Bangladesh (CEAB), for their tireless efforts in bringing this pivotal exhibition to life. BCGTX has become an essential platform for promoting innovation, sustainability, and collaboration within Bangladesh's thriving textile and apparel sector.

As one of the world's leading textile and apparel producers, Bangladesh stands at a critical juncture. The global textile industry is rapidly transitioning toward sustainability, advanced manufacturing, and green technologies. By focusing on areas such as Man-Made Textiles, Yarn & Fabrics, Green Innovation & Technologies, and Machinery & Accessories, BCGTX 2026 provides a unique opportunity for Bangladesh to adopt modern practices, elevate industry standards, and strengthen its global competitiveness.

This exhibition reflects the spirit of China-Bangladesh partnership by combining China's technological expertise and experience in sustainable industrial solutions with Bangladesh's strong manufacturing base and skilled workforce. Such collaboration has the potential to unlock new avenues for investment, knowledge exchange, and shared industrial growth.

I am confident that BCGTX 2026 will not only foster meaningful partnerships but also contribute to a greener, more technologically advanced, and globally competitive textile industry in Bangladesh. The Embassy of the People's Republic of China remains committed to supporting initiatives that strengthen bilateral economic ties and promote a shared vision of innovation and sustainable development.

I wish all exhibitors, delegates, and visitors a productive, inspiring, and successful experience at BCGTX 2026.

Message

I am delighted to extend my heartfelt greetings on the occasion of the "2nd Edition of Bangladesh China Green Textile Expo (BCGTX) 2026", to be held from May 14 to 16, 2026, at the International Convention City Bashundhara, Dhaka.

It is indeed a praiseworthy venture and I appreciate the initiative of the organizers for their arduous efforts to held the event.

The exhibition encompasses vital segments, including Man-Made Textiles, Yarns & Fabrics, Green Innovation & Technology, Machineries, and Accessories—all under one roof. These highlight groundbreaking innovations essential for building a modern, efficient, and environmentally sustainable textile industry.

Platforms like-BCGTX not only showcase cutting-edge technologies but also serve as vital channels for knowledge sharing, stakeholder engagement, and the promotion of best practices. Effective communication and media coverage can amplify the exhibition's impact, broadening opportunities and encouraging informed decision-making across the industry.

I commend the organizers, the Savor International Limited, for their dedication and continued efforts in hosting this esteemed event.

I wish the BCGTX 2026 a grand success!

Md. Abdul Jalil

Abu Mokhles Alamgir Hossain

Message

It is a privilege to extend my warm greetings on the occasion of the 2nd Edition of the Bangladesh China Green Textile Expo (BCGTX) 2026, scheduled to be held from 14–16 May 2026 at the International Convention City Bashundhara (ICCB), Dhaka.

Bangladesh's export sector, particularly the textile and apparel industry, continues to play a pivotal role in driving economic growth, employment generation, and global trade integration. As the global market continues to evolve, there is an increasing need to focus on product diversification, value addition, innovation, and sustainable manufacturing practices to maintain long-term competitiveness.

In this context, BCGTX 2026 serves as a timely and strategic platform that brings together local and international stakeholders to explore new opportunities across the textile value chain. The exhibition highlights important sectors including Man-Made Textiles, Yarns & Fabrics, Green Innovation & Technology, Machinery, and Accessories, which are essential for strengthening Bangladesh's export capabilities and enhancing industrial productivity and sustainability.

Such international exhibitions play an important role in promoting Bangladesh as a competitive and reliable sourcing destination while facilitating knowledge exchange, technology transfer, investment opportunities, and business networking. These platforms also enable exporters and manufacturers to gain valuable insights into emerging global trends, sustainability requirements, and evolving compliance standards in international markets.

The growing collaboration between Bangladesh and the People's Republic of China continues to create significant opportunities for trade expansion, industrial cooperation, and technological advancement. Initiatives like BCGTX contribute meaningfully to strengthening bilateral economic relations and opening new avenues for export growth and market diversification.

I highly appreciate the organizers, Savor International Limited, for their continued efforts in arranging such impactful international exhibitions and for creating valuable opportunities for industry stakeholders to connect and collaborate.

I am confident that the Bangladesh China Green Textile Expo (BCGTX) 2026 will contribute significantly to the development of Bangladesh's export-oriented textile sector and further strengthen the country's position in the global textile and apparel market.

I wish the exhibition every success.

Message

It is a great honor to welcome all distinguished exhibitors, partners, and delegates to the Bangladesh-China Green Textile Expo (BCGTX) 2026 – the second edition of our flagship bilateral platform for industry cooperation and sustainable innovation.

Building on the success of the inaugural BCGTX last year, which championed eco-friendly technologies, man-made fibres, and forward-looking textile solutions, the 2026 edition marks a new chapter in strengthening China-Bangladesh collaboration in textiles and garments. BCGTX 2026 continues the shared mission of advancing green transformation, competitiveness, and high-tech adoption across one of the most dynamic industrial sectors in both economies.

The global textile landscape is rapidly evolving – sustainability is no longer optional, but central to competitiveness and long-term growth. By bringing together China's world-leading technology providers, innovation-driven manufacturers, and Bangladesh's vast manufacturing ecosystem, this Expo creates meaningful opportunities for investment, technology exchange, and strategic partnerships that can redefine the future of textile production.

From advanced man-made fibres and green innovation technologies to sustainable machinery and circular-economy solutions, BCGTX 2026 offers a comprehensive showcase of products, processes, and ideas that support responsible industrial development and value addition. These are precisely the forces that will unlock new markets, elevate quality standards, and foster a resilient supply chain – for both Chinese and Bangladeshi enterprises alike.

CEAB is fully committed to facilitating cooperation that is strategic, sustainable, and mutually beneficial. We believe that each connection made, each technology explored, and each investment conversation held at this Expo will contribute to a stronger, greener, and more prosperous Bangladesh-China industrial partnership.

We wish all participants a highly productive and inspiring BCGTX 2026 – an event that will help shape the next era of textile excellence and enduring friendship.

Thank you.

Chinese Enterprises Association in Bangladesh

Message

It is a great honor to welcome you to the Bangladesh China Green Textile Expo (BCGTX) 2026. As the Textile & Garment Branch of the Chinese Enterprises Association In Bangladesh (CEAB), we are proud to co-host this significant event, which highlights the strong partnership and enduring friendship between Bangladesh and China.

Bangladesh has long been recognized as a global leader in the textile and apparel sector. Today, however, the industry is at a transformative moment. The international market is increasingly prioritizing sustainability and net-zero practices, making decarbonization a critical requirement for global competitiveness.

BCGTX 2026 is designed to meet this challenge head-on. With a focus on Green Technologies, Man-Made Textiles, and Sustainable Manufacturing Solutions, Machineries & Accessories, the Expo provides a strategic platform for Bangladeshi manufacturers to modernize, reduce environmental impact, and enhance efficiency. Chinese and Asian enterprises bring advanced machinery, eco-friendly chemical solutions, and integrated renewable energy technologies—tools that directly support the energy- and water-intensive textile industry.

Looking Ahead: The collaborations and partnerships formed at BCGTX 2026 will empower Bangladeshi manufacturers to meet the growing demand for sustainable, low-carbon products. By embracing these innovative solutions, companies can secure higher-value orders from global buyers and lay the foundation for the next generation of “Green Factories”—efficient, sustainable, and future-ready.

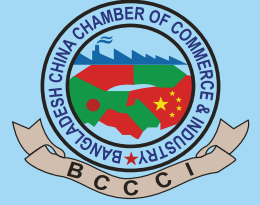

I am confident that BCGTX 2026 will be a highly successful and impactful event, accelerating our joint efforts toward a greener, technologically advanced, and globally competitive textile industry.

Mr. Ge Zhenyu (Mike Ge)

Mohd. Khorshed Alam

President
Bangladesh China Chamber of Commerce & Industry (BCCCI)

Message

It is my pleasure to welcome all exhibitors, delegates, and industry partners to the 2nd Edition of the Bangladesh China Green Textile Expo (BCGTX) 2026, scheduled from 14–16 May 2026 at the International Convention City Bashundhara (ICCB), Dhaka.

Bangladesh and China share a strong and growing partnership in trade, investment, and industrial cooperation, particularly within the textile and apparel sector. Platforms such as BCGTX play a vital role in strengthening this collaboration.

The exhibition highlights key components of the modern textile industry including Man-Made Textiles, Yarns & Fabrics, Green Innovation & Technology, Machineries, and Accessories, bringing together global manufacturers, technology providers, and industry experts under one roof. Through this platform, businesses from both countries can explore new technologies, build strategic partnerships, and promote sustainable textile manufacturing.

I sincerely appreciate the organizers for arranging this important initiative and wish BCGTX 2026 great success in fostering collaboration, innovation, and growth within the textile industry.

Mohd. Khorshed Alam

Mahmud Hasan Khan

Message

It is my pleasure to extend my greetings to all participants of the 2nd Edition of the Bangladesh China Green Textile Expo (BCGTX) 2026, scheduled to be held from 14–16 May 2026 at the International Convention City Bashundhara (ICCB), Dhaka.

Bangladesh's ready-made garment sector has achieved remarkable global recognition through its commitment to sustainability, innovation, and responsible manufacturing. With the highest number of LEED-certified green garment factories in the world, Bangladesh continues to set global benchmarks in sustainable apparel production.

As the global market shifts toward diversified textile materials and value-added products, the importance of Man-Made Fibers (MMF), advanced Yarns & Fabrics, modern Machineries, sustainable Accessories, and Green Innovation & Technology becomes increasingly significant. BCGTX 2026 serves as a strategic platform where these critical segments of the textile industry come together, enabling manufacturers, suppliers, and technology providers to collaborate and explore new solutions for sustainable production.

Through such international exhibitions, Bangladesh's textile sector gains access to advanced technologies, knowledge exchange, and global partnerships that support long-term industry growth.

I appreciate the organizers for their initiative and wish BCGTX 2026 every success in promoting innovation, sustainability, and collaboration across the textile value chain.

Message

I am delighted to welcome all exhibitors, delegates, and industry stakeholders to the 2nd Edition of the Bangladesh China Green Textile Expo (BCGTX) 2026, which will take place from 14–16 May 2026 at the International Convention City Bashundhara (ICCB), Dhaka.

Bangladesh's textile industry is entering a new phase of growth driven by technological advancement, sustainable manufacturing practices, and the diversification of textile materials. To remain globally competitive, the industry must continuously adopt innovative solutions and modern technologies.

BCGTX 2026 provides an important international platform that highlights key segments of the textile ecosystem including Man-Made Textiles, Yarns & Fabrics, Green Innovation & Technology, Machinery, and Accessories.

The collaboration between Bangladesh and China has played a significant role in strengthening our textile manufacturing capabilities through advanced technology, machinery, and industrial expertise. Exhibitions such as BCGTX help further strengthen this partnership by facilitating knowledge exchange and business collaboration.

I commend the organizers for bringing together global leaders and innovators from across the textile sector and wish BCGTX 2026 a successful and impactful event.

Message

It is a great pleasure to extend my warm greetings on the occasion of the 2nd Edition of the Bangladesh China Green Textile Expo (BCGTX) 2026, scheduled to be held from 14–16 May 2026 at the International Convention City Bashundhara (ICCB), Dhaka.

Bangladesh and China share a longstanding relationship built on mutual respect, economic cooperation, and a shared vision for sustainable development. Over the years, this partnership has expanded significantly across various sectors, particularly in textiles, manufacturing, and technology.

The Bangladesh China Green Textile Expo (BCGTX) serves as an important platform that further strengthens this collaboration by bringing together industry leaders, manufacturers, technology providers, and investors from both countries. The exhibition highlights key segments including Man-Made Textiles, Yarns & Fabrics, Green Innovation & Technology, Machineries, and Accessories, reflecting the evolving needs of the global textile and apparel industry.

In today's rapidly changing global landscape, the importance of sustainable production, innovation, and efficient supply chains cannot be overstated. Platforms like BCGTX play a vital role in facilitating knowledge exchange, promoting technological advancement, and encouraging environmentally responsible practices.

As the Overseas Chinese Association in Bangladesh (OCAIB), we are proud to support initiatives that foster stronger business ties and create opportunities for collaboration between Chinese enterprises and the Bangladeshi market. Such engagements not only contribute to industrial growth but also promote mutual prosperity and long-term partnerships.

I commend the organizers and all stakeholders for their efforts in arranging this important international exhibition. Their commitment to creating a dynamic and forward-looking platform is truly commendable.

I am confident that BCGTX 2026 will serve as a valuable forum for meaningful dialogue, business development, and innovation, further strengthening the bond between Bangladesh and China.

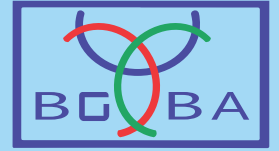

I wish the exhibition every success and hope all participants have a productive and rewarding experience.

Message

It is a pleasure to extend my warm greetings on the occasion of the 2nd Edition of the Bangladesh China Green Textile Expo (BCGTX) 2026, scheduled to take place from 14–16 May 2026 at the International Convention City Bashundhara (ICCB), Dhaka.

The garment buying house sector plays a vital role in Bangladesh's export-oriented apparel industry by bridging the gap between global buyers and local manufacturers. As the industry evolves, the importance of innovation, sustainability, and efficient supply chain management continues to grow.

BCGTX 2026 presents a valuable platform that brings together key segments of the textile and apparel ecosystem, including Man-Made Textiles, Yarns & Fabrics, Green Innovation & Technology, Machineries, and Accessories. These segments are essential for ensuring product diversification, quality enhancement, and global competitiveness.

Such international exhibitions provide an excellent opportunity for buying houses, manufacturers, and global stakeholders to connect, collaborate, and explore new sourcing strategies and market opportunities. The participation of international companies, particularly from China, further strengthens the scope for technology transfer and business expansion.

The emphasis on green innovation and sustainable practices is especially encouraging, as the global market increasingly demands environmentally responsible production and compliance with international standards.

I commend the organizers for their efforts in bringing together industry stakeholders under one platform and creating opportunities for meaningful engagement and collaboration.

I am confident that BCGTX 2026 will contribute significantly to strengthening Bangladesh's textile and apparel sector and enhancing its position in the global market.

I wish the exhibition every success.

Md. Abdul Hamid Pintu

Arefeen Raafi Ahmed

Message

It is my pleasure to welcome all participants, entrepreneurs, and innovators to the 2nd Edition of the Bangladesh China Green Textile Expo (BCGTX) 2026, which will be held from 14–16 May 2026 at the International Convention City Bashundhara (ICCB), Dhaka.

The global textile industry is undergoing a transformative shift toward sustainability, efficiency, and technological innovation. For Bangladesh to maintain its leadership in the apparel sector, continuous collaboration, innovation, and diversification of textile materials are essential.

BCGTX 2026 provides a dynamic platform for industry professionals to explore the latest developments across Man-Made Textiles, Yarns & Fabrics, Green Innovation & Technology, Machineries, and Accessories. These segments represent the future of modern textile manufacturing and sustainable industrial growth.

Events like BCGTX are not only business platforms but also spaces where ideas are exchanged, partnerships are formed, and the next generation of industry leaders can contribute to shaping the future of the textile sector.

I appreciate the organizers for creating this valuable initiative that encourages collaboration between Bangladesh and China while supporting innovation and sustainable industrial development.

I wish BCGTX 2026 great success and hope it inspires meaningful partnerships and forward-thinking solutions for the global textile industry.

Arefeen Raafi Ahmed

Fu Jiajia

Deputy Director
Bast & Leaf Textile Professional Committee
China Textile Engineering Society (CTES)

Message

It is a great honor to extend my sincere greetings to all participants, exhibitors, researchers, and industry leaders attending the Bangladesh China Green Textile Expo (BCGTX) 2026.

As the global textile industry moves toward sustainability and responsible manufacturing, natural fibers and environmentally friendly textile materials are becoming increasingly important in shaping the future of the industry. From bast fibers to leaf-based textile applications, innovation in sustainable raw materials is opening new possibilities for green production, resource efficiency, and low-carbon industrial development.

Bangladesh and China both play significant roles in the global textile and apparel supply chain. Therefore, stronger collaboration between our industries, institutions, and technology providers is essential for accelerating sustainable transformation. BCGTX serves as an important international platform where knowledge, innovation, and practical solutions can come together to support the next generation of eco-friendly textile manufacturing.

I believe this exhibition will encourage deeper cooperation in sustainable materials research, green processing technologies, circular textile solutions, and advanced manufacturing practices. It will also create valuable opportunities for industry professionals to exchange ideas and explore partnerships that contribute to a cleaner and more sustainable textile future.

I highly appreciate the initiative of the organizers for establishing such a meaningful platform dedicated to green textile development and international collaboration. I look forward to seeing this exhibition contribute positively to the advancement of sustainable textile industries in both Bangladesh and China.

Thank You.

Message

It is my great pleasure to welcome you to the 2nd Edition of the Bangladesh China Green Textile Expo (BCGTX) 2026, scheduled to be held from 14–16 May 2026 at the International Convention City Bashundhara (ICCB), Dhaka.

At Savor International Limited, we are committed to creating dynamic platforms that connect industries, foster innovation, and facilitate meaningful business engagement. BCGTX is one such initiative designed to strengthen collaboration between Bangladesh and China, two key players in the global textile and apparel value chain. This year's exhibition will highlight key segments including Man-Made Textiles, Yarns & Fabrics, Green Innovation & Technology, Machineries, and Accessories, reflecting the evolving needs of the modern textile industry. As the global market continues to shift toward sustainability, diversification, and value-added production, it is essential to create opportunities that enable industry stakeholders to explore advanced technologies and innovative solutions.

BCGTX 2026 aims to serve as a comprehensive B2B platform where manufacturers, suppliers, technology providers, and industry leaders can come together to exchange knowledge, build partnerships, and explore new business opportunities. The exhibition also places strong emphasis on green innovation and sustainable practices, aligning with global trends and national development priorities.

We are proud to organize this event in association with the Chinese Enterprise Association in Bangladesh (CEAB) and with the support of the Embassy of the People's Republic of China in Bangladesh, alongside our valued Knowledge Partners BGMEA, BGBA & JCI, Strategic Partners OCAIB & R&G 3rd Eye, Associate Partner Shanghai Climate Week, Media Partner Textile Focus, Travel & Hospitality Partner TripTrek, and Event Partner Postmaster Communication.

I would like to express my sincere gratitude to all our partners, exhibitors, and stakeholders for their continued support and collaboration. I firmly believe that BCGTX 2026 will create new opportunities, strengthen international cooperation, and contribute to the sustainable growth of the textile industry.

I wish the exhibition every success and hope all participants have a productive and rewarding experience.
